

TSC Transition Plan

1. Mount/Dismount line – Direct racers mount/dismount bikes at or after the mount/dismount line.
2. Bike IN/Out – direct racers walk bikes across timing mat. Prevent runners from entering or exiting through bike IN/OUT. Prevent racers from using North Transition gate during pre-race.
3. Swim Entrance – direct swimmers in and to the left to south end of transition to get to bikes. Direct Duathletes coming in from Run 1 to south end of transition to get to bikes.
4. Run OUT – Direct runners out of south end of transition to begin Triathlon Run or Run 2 for Duathlon
5. Transition Floater – Direct bikers to North exit and runners to south exit of transition
6. Duathlon Run 1 IN – Direct Duathlon runners in the North end of transition to get to bikes
